

Kliniplast® **fix stretch**

Reliable fixation • Stretchable • Comfortable

Klinion® kliniplast® fix stretch

Klinion® is a well-known Dutch brand that has been in the wound care market for over 100 years. With a wide range, Klinion® products ensure optimal user comfort. Every day we strive to support healthcare professionals in providing the right care and to keep healthcare affordable. The Klinion® products are unique because of the right combination of functionality, quality and affordable pricing.

Kliniplast® fix stretch is ideal for a reliable fixation of large wound dressings, catheters, drains and is perfect for use on large wounds located on highly mobile areas of the body, due to its stretchable material that ensures comfort and durability. Available in a convenient 10-meter roll with various width options, Kliniplast® fix stretch provides versatile solutions for a wide range of medical wound care needs.
